EDENFIELD C.E. PRIMARY SCHOOL

18 June 2021

Dear Parent/Carer

Science Workshop – Class R/1/2/3

We have planned a science workshop at school on Thursday 24th June, as part of our science week.

The visit will engage children in early coding and engineering skills through LEGO robotics. This enables them to achieve primary computing curriculum objectives and provides them with opportunities to problem solve and code their LEGO robots at an age appropriate level. School timings and lunch arrangements will be as normal.

School has heavily subsidised the cost of the visit, however, in order for the event to go ahead we are asking for a voluntary contribution of £5.00 per child, to be paid by Friday 2nd July.

Yours faithfully

Mrs C L Garner
Headteacher
