- | |
|--|
| 1. LO: To locate websites through a favourites menu |
| 2. LO: To use technology to search for an image |
| 3. LO: To discuss different information sources |
| 4. LO: To navigate websites |
| 5. LO: To use key words to search through a resource |
| 6. LO: To use the search feature to retrieve files on a computer |
| 7. |
| 8. |
| 9. |

By the end of the unit pupil will know:

- Begin to understand that some websites are more useful than others when searching for specific topics.
- Understand that technology can give rapid access to a wide variety of information and resources.
- Understand that there are different ways of finding information.
- Understand that different forms of information.
- Understand that files can be retrieved and found on a computer using a search of the computer.
- Understand and discuss how information can be obtained and used to answer specific questions.
- Understand a website has a unique address and the need for precision when typing it.
- Begin to understand that not everything on the internet is true.

Skills

- Locate specific, teacher defined, age appropriate websites through a favourites menu and /or by typing a website address (URL) into the address bar in a web browser.
- Use technology to source, generate and amend ideas e.g. searching a resource such as Espresso for images by a specific artist.
- Talk about their use of technology and other ways of finding information, e.g. books, asking other people.
- Use and explore appropriate buttons, arrows, menus and hyperlinks to navigate teacher selected web sites, and other sources of stored information.
- Use key words to search a specific resource for information, e.g. Espresso and other websites, under the guidance and supervision of an adult.
- Be able to retrieve files from a computer using a search of the computer.
